

Hello, Neighbor!

You may know you live or own property within a local historic district, but did you know many exterior changes within local historic districts require a **Certificate of Appropriateness (COA)**?

PROJECTS

COAs are required for

- Exterior alterations
- Window & door replacements
- Fences, sheds, & outbuildings
- New construction & additions
- Demolitions & more

PROCESS

Contact our Preservation Planners to check if your project requires a COA. They can inform you of the COA process before you apply for any building permits.
